BHAVANA DIXIT

SUMMARY

Highly motivated Cloud Associate with over 2 years of experience designing, developing, and implementing cloud solutions. Increased frontline worker productivity by 20% through building an AppSheet app using JavaScript, HTML, and CSS. Proven ability to leverage cloud technologies (GCP) to streamline operations and boost efficiency. Skilled in Software and Web development with expertise in Java, HTML, CSS, and Python. Adept at utilizing Dialogflow, G Suite, and SQL for creating innovative solutions.

WORK EXPERIENCE

Google

11/2023 - PRESENT
SINGAPORE

Cloud Technology Associate

- Developed a smart chatbot with Dialogflow, integrated to Google Chat. Incorporated feedback features (thumbs up/down) for overall improvement.
- Independently built an AppSheet app (automation focus) for Retail & Construction. Seamless G Suite & Gemini integration boosts Frontline worker productivity by 20%.
- Developed an innovative app, providing a personalised cocktail/mocktail based on facial expressions captured via selfies. Launched at the Google CXO Summit, enhancing attendee experience with AI-generated drinks and personalised poems.
- Facilitated engaging and informative workshop for 50+ DBS Graduate Associates. Empowered participants through skill-building activities.

Geniebook

12/2021 - 02/2023
SINGAPORE

Curriculum Associate

Geniebook is an Ed-tech company.

- Developed interactive learning modules using LaTeX.
- Created educational diagrams and visualisations using Adobe Illustrator.
- Integrated with GCP for secure storage and management of curriculum data/material.
- Provided training and support to educators on AI-powered tools and platforms, facilitating effective integration into teaching practices.

Ripple Links

06/2013 - 06/2015
BANGALORE, INDIA

Research Analyst

Ripple Links is a full-service influencer marketing agency.

- Utilized SQL, MS Excel and Tableau for evaluating complex data sets in order to identify, analyse and interpret trends and patterns.
- Monitor and maintain brand consistency across all marketing channels and materials.
